

1 **Glueck & Kanja recognized as winner for** 2 **2019 Microsoft Partner of the Year Award**

3 **Glueck & Kanja Consulting AG recognized as 2019 Microsoft Country**
4 **Partner of the Year for Germany and 2019 Microsoft Global Modern**
5 **Desktop Partner of the Year.**

6 **Offenbach, Germany — June 6, 2019** — Glueck & Kanja today proudly
7 announced it has won the 2019 Microsoft Country Partner of the Year Award for
8 Germany and the 2019 Microsoft Global Modern Desktop Award. The company
9 was honored among a global field of top Microsoft partners for demonstrating
10 excellence in innovation and implementation of customer solutions based on
11 Microsoft technology.

12 Christian Kanja, CEO of Glueck & Kanja, is very pleased about the two awards
13 from Redmond: "It was a bet on the future. Avoiding the complexity of hybrid
14 infrastructures and consequently designing for cloud was the basic idea. Similar
15 to Tesla we believed Microsoft had the right vision but there were concerns in
16 the market and technical problems to solve. Focusing on 100% Cloud we were
17 able to provide convincing answers and prove our success hundreds of
18 thousands of times. With achieving the awards Microsoft has – again –
19 acknowledged that we are on track with our efforts."

20 Awards were presented in several categories, with winners chosen from a set of
21 more than 2,900 entrants from 115 countries worldwide. Glueck & Kanja was

22 recognized for providing outstanding solutions and services in Modern Desktop
23 architecture, as well as representing excellent subsidiary engagement in
24 Germany.

25 The Microsoft Country Partner of the Year Awards honor partners at the country
26 level that have demonstrated business excellence in delivering Microsoft
27 solutions to multiple customers over the past year. This award recognizes
28 Glueck & Kanja as succeeding in effective engagement with its local Microsoft
29 office while showcasing innovation and business impact, driving customer
30 satisfaction, and winning new customers.

31 Internationally, Glueck & Kanja was able to further expand its expertise in the
32 field of Modern Desktop. The German company is among the absolute world
33 leaders when it comes to deploying workplaces in the enterprise environment
34 independently of traditional IT infrastructures. Now also known as 'Starbucks
35 Deployment', Glueck & Kanja has made a significant contribution in recent years
36 operating modern workplaces completely cloud based - including the necessary
37 applications and state-of-the-art security.

38 But Glueck & Kanja also added several managed services on top of the cloud
39 based architecture. With the release of the new Microsoft Intune package format
40 in October 2018, the company made it possible to offer hundreds of ready-to-
41 deploy packages to a diverse customer audience that are interested in removing
42 the barriers of an on-premise bound deployment, in favor of a 100% cloud
43 managed Windows 10 experience. In addition, the package management

44 (RealmJoin), data migration service (RealMigrator), certificate service (SCEP and
45 RADIUS) and finally a Cloud Security Operations Center are provided as a service
46 offer.

47 “We are honored to recognize Glueck & Kanja of Germany as a Microsoft
48 Country and Microsoft Global Modern Desktop Partner of the Year,” said
49 Gavriella Schuster, Corporate Vice President, One Commercial Partner, Microsoft
50 Corp. “Glueck & Kanja has distinguished itself as an exemplary partner,
51 demonstrating remarkable expertise and innovation to help customers achieve
52 more.”

53 The Microsoft Partner of the Year Awards recognize Microsoft partners that have
54 developed and delivered exceptional Microsoft-based solutions over the past
55 year.

56 **About Glueck & Kanja Consulting AG**

57 Glueck & Kanja is one of the leading IT consulting companies and one of
58 Microsoft's top partners in Germany. For 20 years, Glueck & Kanja have
59 consistently maintained the highest level of partner status and are continuously
60 expanding the Gold competencies. The company designs and implements
61 systems using the most advanced of current Microsoft technologies. The
62 companies brand 100% Cloud shows how the Future Workplace can be built and
63 deployed on Windows 10 and Microsoft 365 in a future-proof way. With its long-
64 standing competencies UC/Teams and security complement this comprehensive

65 concept. Glueck & Kanja exclusively employs certified consultants with many
66 years of experience in international projects and thus proves its extraordinary
67 competence with renowned corporations.
